best copy available

This national directory is an update of the June 1979 edition of "Programs Providing Services to Battered Women." The revised materials were collected between July 1979 and January 1980. The programs are listed alphabetically by state, and city or town. A form is located on the last page so that service providers can continue to send updated materials. Revisions should be sent to the Center for Women Policy Studies, 2000 P Street, NW, Suite 508, Washington, DC 20036. Points of view or opinions stated in this document are those of the authors and do not necessarily represent the official position or policies of the U.S. Department of Justice.

The Center appreciates the cooperation of those organizations that have contributed to the directory's compilation. We hope that this material will be of use both to professionals in the field of domestic violence and to those women in need of the services listed.

To obtain a copy of this directory contact the National Clearinghouse on Domestic Violence, PO Box 2309, Rockville, Maryland 20852.
